

MI Tri-Share Child Care Program

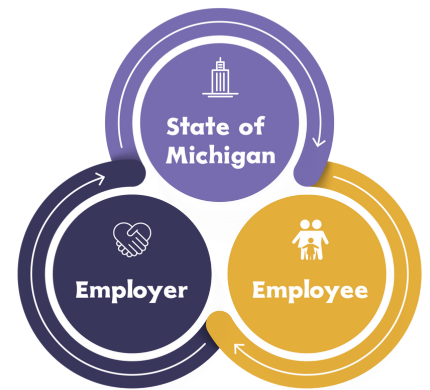

Helping MI families afford child care

Southwest Child Care Resource

One of the biggest barriers for people pursuing — or keeping — a great job is the cost of child care — resulting in more and more parents and caregivers being left out of the workforce. Tri-Share was created to change all that. Through Tri-Share, the cost of child care is shared equally among employer, employee and the State of Michigan — a threeway split — with coordination provided regionally by a Tri-Share facilitator hub. With Tri-Share, parents and caregivers can get back to work knowing that their kids are safe.
